Dear Dr. Hillock,

211

I want to let you know that at least Lia just a couple of months ago. A

♡ Thank you ♡
for your kindness.

Rather large tumor
popped out on her side
& within a couple
of days, it was
bleeding very badly.
So we had to have her
put to sleep & I've
been so devastated
& still feel very
lost without her.
I want to thank →

you for all the
love & care that you
gave to Pa. She was
a very special little
girl & made a lot of
friends in her life time.
I miss her ^{so} much.
In the near future I
plan to adopt an older
dog & lose another little
body to love.

If I'm in your area
I will stop in to say
hello & thank you so much.
