

THANK

YOU

Dear Dr. Fonda Caro & the VMC Team,
March, 2011

Not all stories have a happy ending - but your valiant efforts & caring for our beloved "Harry" meant the world to us. You tended to his every need for over a week in intensive care and when it was time to say good-bye, your team helped us through a most difficult & emotional decision. We'll always be indebted to your caring staff.

Harry's remains are safely home and twice forever live in our hearts. Thank you again, for trying to perform a miracle!
With gratitude,

Pat & Chuck
(DURAN)
