Dear Drs. + Staff:

We just want to thank you for the prompt care that you provided to our Chihuahua Max on 6/26/10.

We know that you did everything possible to extend his life, but unfortunately it was his time.

Again, we wish to extend our gratitude to the Drs. (Especially Dr. Selznick) + nurses at your facility. They were outstanding in their professions and very compassionate.

Sincerely,
Lara + Richie Krusch
