

Dear Giuliana,

6/2010

I want to thank you for going the extra mile for Papa. You went above and beyond with kindness and care. You made it so comfortable for us to put Papa in your arms the morning we dropped him off to have his cardiac surgery with Dr. La From. I'm sure Papa was even comfortable with you while you were preparing him for surgery. The entire staff here is exceptional and because of your dedication, concern and devotion you shined above the entire time. If there was an employee of the month your picture and name would be on display. You deserve a gold star, which we are sending to you on this card !!!

Love,
Papa

Sincerely,
The Levi Family
