

6/10/10

Dear Doctor Lang and
entire staff,

You really know
how to put a smile
on someone's face.

Thanks

of you. In appreciation I've
sent a donation to North Shore
Animal League in your name.
Thank you again.

The Wagemann's
Lorraine & Ken,
furry four-legged
friends and
especially

Swing Batta Batta

Please forgive the tardiness of
my note, but "life" continued
happening after we brought Swing
Batta Batta home. However, I
did not want to let one more day
go by without expressing our deep
appreciation to you and your entire
staff - even the fellow polishing the
floor when we left her for surgery
that morning, assured us that
Batta would be fine and that
she was in good hands.

Even though we've only had her
for one year, our love for her is
profound. I had many prayer groups
praying for her! ;)

It took quite a while for Batta
to run greyhound style again - full
out - around our yard. In fact it
didn't happen until about mid-April.
It had started to concern me, but
I figured she would know when the
time was right. I was overjoyed when
I looked out and saw her running
laps in the yard - and I swear
she looked so happy to do it!!
She's doing fine thanks to all →
