

"EACH SMALL KINDNESS,
like A SEED,
GROWS TALL
IN MEMORY."

Dear Dr Lynda Loudon

I am writing this letter to say thank you for all you've done for my dog Whisper on the morning of Tuesday December 22nd 2009 emergency. I also want to thank you, the staff in Back and the front desk staff not only for their professional courtesy but for their human compassion and kindness to both me and my dog Whisper.

Thank you to all for all you've done for us. Even though Whisper was 15 years and 9 months old we still wish he could have had more time with us. He was a wonderful dog (my son)

Sincerely

Tina S.

Thank you.
